 Alpha BPO

Take a look at our benefits!

You have access to all video cameras remotely anywhere in the world with another computer or your cell phone, and you can view live streaming video or images, in real time, record all activities captured by your surveillance camera for future viewing.

What we offer you

- 📡 Multiple areas can be monitored simultaneously, 24/7
- 🚫 No need to hire expensive, ineffective security guards
- ⚙️ Custom solutions to fit every budget

Don't you have a security system in place?

Don't worry! **Our systems also allow you to use software for extra features such as motion detection, remote zooming, and email alerts.**
